## COMMERCIAL.

**B**USINESS has been very quiet during the past week, the investor still being out of the market. There is still no disposition to invest, on the part of the general public, and this accounts for the extremely dull week on the local Stock and Bond Exchange. There were very few board sales and there were few street transactions recorded and these at lower figures. Ewa was active at the beginning of the week at 25, but declined steadily under sales of several hundred shares at 24 1-2. On Wednesday large buying orders were received by the brokers but the shares were not then obtainable. A few street sales were recorded at 24 3-4, which was the closing figure, 25 being asked. Hawaiian sugar shares were transferred at 31 1-2, the closing price being 30. Honoum was offered as low as 132 1-2, the stock steadily declining, as at the first of the week it was sought for at 140. Kahuku sold at 22 1-2. Oahu sold as low as 130, though the closing was at 132 1-2. Quotations on Ookala remained the same at 12 1-2 bid, 13 1-2 asked. Waiwale declined to 79 1-2 asked, sales on the street being recorded at 75. Pioneer Mill was sold at 95, 100 being asked. The new assessable shares of this company, with 25 per cent paid, sold at par. This stock was issued August 1st, and the money is to be spent in the development of mountain water, which will be used to generate electric power to be transmitted for a long distance, for the purpose of running the pumps of the plantation, thus effecting a saving to the estate, in coal alone, of \$200,000 a year. Honokaa, which fell so rapidly on the San Francisco market, was offered at 16, 15 bid. Olowalu was offered at 145, Koloa at 170 and Kipahulu at 100. Koloa and Kipahulu paid good dividends at the beginning of last week.

Of the assessable stocks, Kihel was offered at 11, but there were no bidders. McBryde fell to 7 3-4, 85 per cent paid in. The paid up stock fell in sympathy. The final assessment on McBryde, \$3 a share, has been called, payable September 2d. During the payment of this assessment it is expected that this stock will decline further. Oia was at 3 and the paid up at 12.

Among the miscellaneous stocks Wilder Steamship and Inter-Island were offered at par. Hawaiian Electric advanced to 105, while People's Ice & Refrigerating fell off to 80. The Electric Company will absorb the ice company, and buyers of ice shares at 80 calculate that an assessment of \$16 to \$20 will be called, to pay off outstanding indebtedness, after which a share of Electric will be exchanged for a share of Ice. The bank and mercantile stocks remain unchanged.

Bond quotations were strong, Ewa sixes being at 102, while Oahu R. & L. Co. advanced to 105. Both Oahu sugar and Waiwale were at 102 1-2. Dividends were paid as follows: Hawaiian Agricultural Co., 2 1-2 per cent; Honoum, 3 per cent; Ookala, 1 per cent, and Oahu R. & L. Co., 50 cents.

### THE REAL ESTATE MARKET.

There was little doing all week in real estate, though every broker has something under negotiation. There was some comment during the week on the Hackfeld sale, but the opinions vary to such an extent that it is doubtful if any two agree on the meaning of the sale, as affecting values. The differences of opinion seem to be based on the value of the residence, and as this has much to do with the sale the difference will be understood. There is most inquiry for house lots in the suburbs, where the prospects for transportation are best. The small buyer is in the field to a greater extent than the large one, as there seems little inquiry for large pieces. The brokers fail to find ready purchasers for some large offerings and the whole situation is one which is full of call for patience.

### STREETS AND WATER.

There have been during the week several interviews which may tend to an opening of Lunaillo street through to Punahou. The street is now a few yards beyond Makiki, but the work of extension may be delayed on account of no appropriation. It is understood that there is an effort being made for the purpose of inducing the Superintendent of Public Works to apply the money appropriated for the purpose of paying road damages, to this piece of street. There is \$50,000 in this fund and there would be more than enough to complete the work.

There is still some talk that there will be a speedy extension of the water system from the new pumping plant in Kalihi to the district below the schools. This may be done upon an arrangement with the property owners, but nothing has been decided as yet.

### THE HARDWARE NEGOTIATION.

That there will be something come out of the proposed deal between E. O. Hall & Son, Ltd., and the Hawaiian Hardware Company is believed by those who have followed the negotiations. There will be a meeting of the stockholders of the latter company today, and at that time there may be some offer other than the present one made to the former. The offer now standing is for the sale of the stock of the Hawaiian company to Hall & Son for \$90,000. There are further negotiations going on and the result will not be known for several days yet.

### EARLY CLOSING AT A STANDSTILL

Success of the Movement Depends on Unanimity Not Yet Reached.

The petitions in favor of closing business houses and offices at 1 p. m. during the summer months of June, July, August and September, circulated by the Y. M. C. A. and the Y. W. C. A., were signed on the understanding that the movement should become general, and the absolute refusal of any one firm would therefore render the agreements of the others null and void. The following firms have signed the petition agreeing to close:

E. W. Jordan, Pacific Import Co., Whitney & Marsh, Ltd., A. Blom, J. M. Webb (Golden Rule Bazaar), Wall, Nichols Co., Ltd., The Porter Furniture Co., Pacific Cycle Co., M. McInerney, N. S. Sachs Dry Goods Co., Ltd., M. Brash & Co., B. F. Ehlers & Co., M. Killian Co., Ltd., Lewis & Co., Henry May & Co., Hawaiian News Co., Pearson & Potter Co., Ltd.

Verbally—Kerr & Co., Whitman & Co., Dimond & Co., Emmeluth & Co., T. G. Thurman. Hearty endorsement of the movement by the Chinese Consul, the Japanese Consul and such influential men as Mr. Imanishi of the Yokohama Bank, Dr. Mitamura and others leads to the belief that the co-operation of the Oriental business men could be secured.

The refusal to sign came not from the Orientals, but from Captain A. L. Soule of the Kashi store. This, of course, brings the movement to a standstill, for the present at least, unless some of those who have already signed will voluntarily try the plan during the month of September.

The secretaries and members of both Associations wish to express their hearty appreciation of the attitude of the firms who have signed the agreement. The movement was a disinterested one and most truly in behalf of workmen and working-women.

### Drink Good Coffee.

About a year and a half ago I opened a home in Kona, on the Island of Hawaii, for orphans and other needy children. I have now twenty children to feed, clothe and educate. I am dependent largely on the coffee raised at this home for the support of the children. I have on hand the crops for three years past. I have just opened the Kona coffee store on Fort street, near King, telephone Blue 1621. No. 1 Kona coffee, fresh roasted and ground to order, delivered to any part of town or Waikiki. Call at the store or order by phone. Help support a needy child by helping yourself to a delicious coffee. ALICE F. BEARD, Woman's Exchange.

### Iron Molders May Strike.

CINCINNATI, August 10.—The iron-molders will hold an important meeting tonight to determine whether or not they shall strike. They have had a long conference with the local founders' association, attempting to adjust a wage scale. The conference ended early this morning without reaching an agreement and tonight's meeting is called to consider what is the best course for the molders to pursue. The temper of the men indicated a decision to strike.
